Property Information

Heating System

The heating system is configured to be on during the day and to reduce during the night. Each room has either its own wall thermostat or radiator valve which can be adjusted to suit personal requirements.

In the event that the heating needs to be boosted at any time please press the top Comfort + button on the controller at the top of the stairs. This will boost heating for 2 hours.

Hot Water

The hot water is programmed to be available from 6:30 AM to 11:00AM and 5:00 PM and 10:00 PM.

There should be hot water available outside these hours but if you need additional hot water you can press the MORE H/W at any time on the controller located next to the fridge.

Ventilation

There is a whole house ventilation system installed in the house. It should under normal circumstances be left on low or medium speed. If there are high levels of humidity due to cooking or showers this can be increased although this should be returned to low or medium if it is higher than this it may be audible at night.

Wifi

There is wifi available within the property. Reasonable use only please

The name is Cuckoo-Croft and the password is

Television

The tv is a smart tv and connect to the internet via wifi.

You can use the smart tv to watch films etc via the internet. There is a subscription to netflix already set up and available which you are welcome to use. To access Netflix access the smart hub option using the remote control. The password is already programmed in.

Full instructions on the use of the TV are in the separate file of operating instructions for all the appliances.

Soundbar

The sound bar can be used either with the TV or by using your own bluetooth device for playing music. To connect switch on the sound bar and set the input to bluetooth then pair with your device. You can then play music directly from your device.

When using with the tv there can be a slight time difference between tv and soundbar. In this situation is recommended that you turn the volume down on the TV.

Barbecue

There is a barbecue available on request. Guests to supply charcoal and to make sure it is returned clean.
